Traditional Kindergarten

Each of our elementary schools offer a comprehensive full day Kindergarten program that focuses on reading, writing, math, science, and social studies. In addition to our hands-on interactive classrooms, our students experience a variety of special programs including music, physical education, art and Spanish.

Transitional Kindergarten (TK)

Our TK program offers a gift of time to those students who might benefit from an additional year before entering kindergarten. TK is the first of a two-year kindergarten sequence. Students attend Transitional kindergarten followed by Kindergarten the next school year.
