Dear L'Anse Creuse Community,

Late last night and today L'Anse Creuse, along with many school districts in the area, were impacted by a social media post that appeared threatening in nature. Any time we receive information containing messages threatening in nature or reports of concerning social media posts involving students, we immediately communicate with local law enforcement. Local authorities then work with the school district to investigate the credibility of the material reported and disciplinary action and safety precautions are taken. It is important to know that at no time were any L'Anse Creuse students or staff in any danger.

We realize that there are numerous social media posts and websites recirculating false statements, however, at this time there are no threats involving L'Anse Creuse schools, students or staff and our schools will remain open. If ever we feel a situation is not safe for our students and staff, decisions will be made to ensure the safety of all involved. While we keep safety as a priority in our schools, we also know that it is important for students to maintain a sense of routine, and the relationships between our schools and families are vital to supporting our students, both academically and emotionally.

We would like to thank local law enforcement for their support throughout this week, not only for L'Anse Creuse but our neighboring schools as well, and our L'Anse Creuse staff for their unwavering commitment to our students. We appreciate the ongoing communication from our parents, students and staff who have reported concerns they are seeing and hearing on social media. As mentioned in an earlier email, we have social workers and counselors available to address any concerns you or your student(s) may be experiencing and provide additional support when needed.

We are grateful for our partnership with the Macomb County Sheriff's Office and the Macomb County Intermediate School District. Their communication concerning this matter is also linked below.
