Dear Mr. Hollingsworth:

I was delighted with the reception I received from the staff and children of Atwood Elementary School yesterday. Your enthusiasm and concern for an excellent instructional program for boys and girls is very much in evidence throughout your building. I liked the things I saw and heard during my visit. The excitement and spirit demonstrated by your teachers was refreshing.

I appreciated the opportunity you afforded me in working with your boys and girls.

Sincerely,

Harry T. Hahn
Professor of Education
