Fall, 2011

Dear Parents and/or Guardians:

L'Anse Creuse Public Schools will continue its use of the ParentPortal, available through the district's Student Management Software, PowerSchool. The ParentPortal is designed to keep you informed of your child(ren)'s progress during the school year. You can view assignments, grades, and daily attendance. The ParentPortal requires very little time and effort on your part. You only need access to a computer with internet capabilities, whether at home, the office, or a local library.

**We strongly recommend that you help our district with two key initiatives, our green school strategies and our cost saving initiative, by having our building not mail home mid-marking progress reports and the first three marking period report cards.** The district will mail home two report cards: one at the end of the first semester and the other will be the second semester/end of year report card. Information regarding the availability of grades for the first three marking periods and the mid-marking reports will be posted on the district & on individual building websites. **If you wish to continue to receive the mid-marking and report cards in the mail, please fill out the form at the bottom of this letter and return it to your school's main office.**

Thank you for your cooperation and patience as we continue to improve communication with our families.
