

MUSIC NOTES FROM MRS. VONSCHWARZ...

Remembering 9/11 helps us realize what a wonderful country we have and how important it is to show appreciation to our service men and women. The theme in my music classroom this year is "Destination America." Each month we are learning a new patriot song, as well as a song from a state or region of the United States. Extra credit is given for a story about a relative who has been in the service or something about a state or region. Be sure to stop by and look at the board "What's Happening in Music Class" outside the music room door. Also exciting is that our Second Graders will be performing, as well as the Fifth Grade Choir, in the Holiday Program, November 30th at the John Armstrong Performing Arts Center. Don't miss it!
