## **L'Anse Creuse High Schools Team-Up for Basketball Tournament**

**MACOMB, Mich.** – L'Anse Creuse High School and L'Anse Creuse High School – North are excited to present their First Annual 3v3 Basketball Tournament on June 8 and 9, 2024 taking place at L'Anse Creuse High School – North. The tournament is a two-day, outdoor event open to kids ages 12 to 18 years old, both inside and outside the L'Anse Creuse district.

This tournament is a collaborative event between L'Anse Creuse High School and L'Anse Creuse High School – North, with each high school alternating the responsibility of hosting the event every other year. Each team must consist of four players and be officially registered by the predetermined entry deadline, May 24, 2024. Registration for the tournament is \$180 per team, which includes t-shirts for each player and a guaranteed three games of play. Boys' and girls' teams will be organized by age level.

The district hopes to engage middle school and high school students from across the district, as well as interested student athletes from the surrounding areas. All proceeds will go to the high schools to support climate and culture initiatives.

“We anticipate that this will be an exciting family event to kick off our annual three-on-three tournament experience,” said Nick Ellul, Associate Principal at L'Anse Creuse High School – North. “We know there are many competitive players out there who want to show off their skills. We're excited to see who will be the first champions in our first event!”

Registration, along with Eligibility and Rules, are located at the following link: [3v3 Basketball Tournament Registration](#)
