## **L'Anse Creuse Community Education Offers Classes and Events**

**CLINTON TWP, Mich.** – This year, the L'Anse Creuse Community Education program is back to full operations, with an exciting catalogue of events and classes for community members to enjoy. The program, which was put on pause for 2020-2021, was brought back in 2022 and has steadily grown in both the number of offerings and community participation.

There are five townships within the L'Anse Creuse borders, and with such a wide reach it is important to involve and stay connected with the entire community. The Community Education program is one of the most impactful connections the district has with community members, and supports learning for all ages: parents, students, staff and seniors/residents living in the district.

Currently, there are over 40 classes, trips and tours for the community to enjoy. Upcoming events include trips to the Detroit Symphony Orchestra, a tour of the Masonic Temple, and shows such as “To Kill a Mockingbird” and “Murder on the Orient Express.” There are also lessons available for kids and adults to learn how to play an instrument, work on physical fitness and learn self defense strategies.

“As frequent participants with the L'Anse Creuse Public Schools Community Education Trips and Tours, my wife and I have been extremely satisfied with all our excursions. The diverse offerings and personal attention by the trip hosts make each outing a new adventure,” said Gary Mrak. “A huge plus is that transportation is included, so there is no need to worry about driving or parking. We believe the trips and tours are a great value.”
