Review the table below listing our schools. For the 2022-23 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2021-22. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no status label is given.

Student achievement is our primary goal and remains the focus of all our schools in L'Anse Creuse Public Schools. Each school continues to identify and address their own needs and works to improve outcomes for all students. A team of teachers and administrators assess these needs each year and work together to adjust teaching and learning to meet the needs of their students. The key initiatives listed are the focus of each building's work, while other programs and initiatives continue to support student learning as well. Parental support is welcome and necessary for our schools to remain successful. If you would like to be involved with your school either inside or outside the classroom, please contact their main office. We appreciate the partnership our families provide our schools to make them successful each and every day.

Sincerely,
