

Good afternoon,

Seniors who already have an updated picture on their school ID for this year do not need to do anything tomorrow. For their yearbook portraits, seniors have multiple options for submitting photos. Please see the options listed below for seniors to submit pictures for the LCN yearbook:

Option #1: If your senior went to Kaiser over the summer, we will automatically receive a copy of their formal picture. There are no additional steps you need to take.

Option #2: Kaiser Studio will be here the first week of November to offer senior pictures to students still needing to get a yearbook picture. Students have access to a free session that includes just the yearbook image. There are other packages available through Kaiser, but those must be coordinated through their studios. Please see the attached brochure for package and pricing details.

Option #3: If your student had senior pictures taken somewhere else, that picture needs to be submitted to www.ybkplus.com. Please see the attached flyer for information about how to complete this process. Pictures must be submitted by December 12th.
