

Fourth Grade Music Curriculum

Students will have access to a balanced, comprehensive, and sequential program of study in music which will, whenever possible, provide a meaningful enhancement of the classroom.

The student will:

- Sing simple rounds, ostinatos, and partner songs
- Perform choreography and basic folk dances
- Perform on classroom instruments with expression and technical accuracy
- Create a four beat pattern on pitched instruments
- Reinforce knowledge of musical terms and symbols and use standard notation to record musical ideas
- Expand knowledge of form to include Theme and Variations
- Experience examples of music from various cultures and composers
