A student reporting an incident(s) of discrimination or harassment shall not suffer any form of reprisal from the school district.

The Superintendent will designate compliance officers and develop and implement administrative procedures for the reporting, investigation and resolution of complaints or discrimination or harassment.

Section 13. Bullying

It is the policy of the District to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

Bullying and Cyberbullying are Prohibited

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors, and volunteers, is prohibited. All students are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

Definitions

"Bullying" means any written, verbal, or physical act, or any electronic communication, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

A. Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students.

B. Adversely affecting the ability of a pupil to participate in or benefit from the School District’s or public school’s educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress.

C. Having an actual and substantial detrimental effect on a student’s physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

"Cyberbullying" means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:
A. Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students.

B. Adversely affecting the ability of a student to participate in or benefit from the School District’s or public school’s educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress.

C. Having an actual and substantial detrimental effect on a student’s physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since "bullying" also includes "cyberbullying", any reference in this policy to "bullying" shall also be deemed to refer to "cyberbullying."

Bullying and cyberbullying are prohibited at school. "At school" is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using a telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the School District. "Telecommunications access device" and "telecommunications service provider" mean those terms as defined in Section 219a of the Michigan Penal Code (M.C.L. 750.219a).

Bullying and cyberbullying that does not occur "at school," as defined above, but that causes a substantial disruption to the educational environment, may be subject to disciplinary action in accordance with this policy and applicable law.

**Reporting and Investigating Reports of Bullying**

Every student is encouraged to promptly report any situation that he or she believes to be bullying behavior directed toward himself/herself or another student to a teacher, a counselor, a building principal, or an assistant principal. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the building principal. Complaints against the building principal shall be reported to the Superintendent. Complaints against the Superintendent shall be reported to the Board President.

Under State law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official who is responsible for implementing this policy or for remedying the bullying, when acting in that capacity.
Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The building principal or the principal’s designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.

Each school shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The Superintendent is the school official responsible for ensuring that the policy is implemented.

Confidentiality

The District will comply with all applicable laws regarding confidentiality of personally identifiable information from education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The principal, or the principal’s designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator’s parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

Notification

This policy will be annually circulated to parents and students, and shall be posted on the District website.
Reporting

As required by State statute, the Superintendent shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by State statute, the District’s procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

Section 14. Use of Seclusion or Restraint.

Pursuant to Public Act 395 of 2016, MCL §380.1307a, the Board directs the Superintendent and/or the Superintendent’s designee to adopt as an administrative guideline a local policy, applicable to all District administrators, staff and contractors, that is consistent with the policy issued by the Michigan Department of Education in connection with the requirements of Public Acts 394 through 402 of 2016, MCL §380.1307, et seq., regarding restrictions on the use of seclusion and restraint in public schools. This policy is to accomplish the following objectives:

A. Promote the care, safety, welfare and security of the school community and the dignity of each pupil.

B. Encourage the use of proactive, effective, evidence- and research-based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all pupils.

C. Ensure that seclusion and physical restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

Section 15. Search and Seizure.

The Board has charged District administration with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, District administration may search school property such as lockers used by students or the person or property, including vehicles, of a student, in accordance with the following policy.

School Property

Lockers and desks used by students remain at all times the property of the District. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy as to prevent examination by a school official. District administrators may search student lockers and desks at any time and for any reason. In the course of any search, student’s privacy rights will be respected regarding any items that are not illegal or against Board policy.
