Dear Parents and Students:

The State Board of Education requires all Michigan school districts to adopt a written code of student conduct. The purpose of providing a single booklet citing the rules and regulations of the L’Anse Creuse Public Schools school district is to ensure everyone is informed of the formal procedures involved in student discipline, including suspension.

Discipline problems involve a very small percentage of our student body. However, situations do arise and do occur. The intent of this document is to provide an orderly procedure for resolving problems when they do. It is important to remember that the intent is to provide a safe and orderly learning environment for all students and staff.

Your cooperation and assistance in upholding the L’Anse Creuse Public Schools’ Student Code of Conduct is most sincerely appreciated.

Sincerely,

Superintendent
STUDENT CODE OF CONDUCT

Preamble
The board hereby establishes the following categories of misconduct, which may result in suspension or expulsion from the L’Anse Creuse Public Schools. These categories are generally descriptive of the most obvious types of misconduct and are not to be construed as an exclusive list or as a limitation upon the authority of school officials to deal appropriately with any other type of conduct, including off campus misconduct, which interferes with the good order of the school system or the proper functioning of the educational process.

I. General Procedure
1. In the event the principal of the school believes that a suspension of longer than 10 days is necessary, he should notify the superintendent.
2. The student shall be informed of the reason for the suspension.
3. Provision shall be made for the student to be heard and to present his/her view of the occurrence.
4. The student shall not be judged guilty by virtue of being accused.
5. An informal investigation should be conducted by the principal or his/her designee for the purpose of obtaining all information pertinent to a fair decision.
6. For students in grades 6-12, suspensions of less than five days can be appealed to the building principal only.
7. Violations of the law will be reported to the authorities.
8. Under MCL 380.1310d the school district will consider each of the following factors prior to any disciplinary decisions:
   a. The pupil’s age.
   b. The pupil’s disciplinary history.
   c. Whether the pupil is a student with a disability.
   d. The seriousness of the violation or behavior committed by the pupil.
   e. Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.
   f. Whether restorative practices will be used to address the violation or behavior committed by the pupil.
g. Whether a lesser intervention would properly address the violation or behavior committed by the pupil.

II. Searches – Search and Seizure

LOCKERS ARE SCHOOL PROPERTY. All lockers assigned to students are the property of the school district. At no time does the school relinquish its exclusive control of its lockers. The school principal or his/her designee shall have custody of all combinations to all lockers or locks. Students are prohibited from placing locks on any locker without the advance approval of the school principal or his/her designee.

LEGITIMATE USE OF SCHOOL LOCKERS. The school assigns lockers for the student’s convenience and temporary use. Students are to use lockers exclusively to store school-related materials and authorized personal items such as outer garments, footwear, grooming aids, or lunch. Students shall not use the lockers for any other purpose, unless specifically authorized by school board policy or the school principal or his/her designee in advance of students bringing the items to school. Students are solely responsible for the contents of their lockers and should not share their lockers with other students nor divulge locker combinations to others, unless authorized by the school principal or his/her designee.

SEARCH OF LOCKER CONTENTS. Random searches of school lockers and their contents have a positive impact on deterring violations of school rules and regulations, ensure proper maintenance of school property and provide greater safety and security for students and personnel. Accordingly, the board authorizes the school principal or his/her designee to search lockers and locker contents at any time, without notice, and without parental/guardianship or student consent.

SEARCHES OF LOCKERS AND STUDENTS. The school principal or his/her designee, shall not be obligated, but may request the assistance of a law enforcement officer in conducting a locker search. The school principal or his/her designee shall supervise the search. In the course of a locker search, the school principal or his/her designee shall respect the privacy rights of the student regarding any items discovered that are not illegal or against school policy and rules.

SEIZURE. When conducting locker searches, the school principal or his/her designee may seize any illegal unauthorized items, items in violation of board policy or rules, or any other items reasonably determined by the school principal or his/her designee to be a potential threat to the safety or security of others. Such items include, but are not limited to the following: firearms, explosives, dangerous weapons, flammable material, illegal controlled substance analogues or other intoxicants, contraband, poisons and stolen property. Law enforcement officials shall be notified immediately upon seizure of such dangerous items, or seizure of items that schools are required to report to law enforcement agencies.
under the Statewide School Safety Information Policy. Any items seized by the school principal or his/her designee shall be removed from the locker and held by school officials for evidence in disciplinary proceedings and/or turned over to law enforcement officials. The parent/guardian of a minor student, or a student eighteen (18) years of age or older, shall be notified by the school principal or his/her designee of items removed from the locker.

**SEARCH OF STUDENTS.** In order to protect the health, safety or welfare of students under school jurisdiction, building principals or designated representatives are authorized to search students. No strip searches shall be conducted by school authorities. Whenever possible all searches shall be carried out in the presence of an adult witness.

**CONSENT TO SEARCH.** A student who operates a vehicle upon property of the school district or parks such vehicle thereon is deemed to have given his/her consent to have such vehicle searched and forbidden items seized under the following conditions:

1. There should be reasonable cause for school authorities to believe that certain items are in the student’s possession and such possession constitutes a crime or a rule violation.
2. The search should be for a specific item and be conducted in the student’s presence.
3. Illegal items or other possessions reasonably determined to be a threat to the safety or security of others may be seized by school authorities.
4. Items, which are used to disrupt or interfere with the educational process, may be temporarily removed from the student’s possession.

**III. Severability Provision**

In the event that any provision(s) herein shall be determined to be illegal or of no effect by a court of competent jurisdiction, such provision(s) shall be void and inoperative, but all other provisions hereof shall remain and continue in full force and effect.
