This questionnaire is in compliance with the McKinney Vento Homeless Education Act. Your answers will help determine if the student meets eligibility requirements for services under the McKinney Vento Act. The McKinney Vento Homeless Education Act defines "homeless" as "individuals who lack a fixed, regular, and adequate nighttime residence". This includes students who "are TEMPORARILY sharing the housing of other persons due to loss of housing or economic hardship."

STUDENT EDUCATION TECHNOLOGY ACCEPTABLE USE AND SAFETY AGREEMENT

To access and use the District's Education Technology, including a school-assigned e-mail account and/or the Internet at school, students under the age of eighteen (18) must obtain parent permission and sign and return this form. Students eighteen (18) and over may sign their own forms.

Use of the Education Technology is a privilege, not a right. The District's Education Technology, including its Internet connection and online educational services, is provided for educational purposes only. Unauthorized and inappropriate use will result in a cancellation of this privilege and possibly further disciplinary action.

The Board has implemented technology protection measures, which protect against (e.g. block/filter) Internet access to visual displays/depictions/materials that are obscene, constitute child pornography, or are harmful to minors. The Board also monitors online activity of students in an effort to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. Nevertheless, parents/guardians are advised that determined users may be able to gain access to information, communication, and/or services on the Internet that the Board has not authorized for educational purposes and/or that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Students accessing the Internet through the school's computers assume personal responsibility and liability, both civil and criminal, for unauthorized or inappropriate use of the Internet.

The Board has the right, at any time, to access, monitor, review and inspect any directories, files and/or messages residing on or sent using the Board's Education Technology. Messages relating to or in support of illegal activities will be reported to the appropriate authorities. Individual users have no expectation of privacy related to their use of the District's Education Technology.

Sensitive to Noise Sluggishness Haziness Fogginess Grogginess

Poor Concentration Memory Problems Confusion "Feeling Down" Not "Feeling Right" Feeling Irritable Slow Reaction Time Sleep Problems

WHAT IS A CONCUSSION?

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear or be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are okay to return to play.

IF YOU SUSPECT A CONCUSSION:

- SEEK MEDICAL ATTENTION RIGHT AWAY A health care professional will be able to decide how serious the concussion is and
 when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to
 "tough it out" often makes it worse.
- 2. KEEP YOUR STUDENT OUT OF PLAY Concussions take time to heal. Don't let the student return to play the day of injury and until a heath care professional says it's okay. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Young children and teens are more likely to get a concussion and take longer to recover than adults. Repeat or second concussions increase the time it takes to recover and can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. They can be fatal. It is better to miss one game than the whole season.
- 3. TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.
 - Appears dazed or stunned
 - Is confused about assignment or position
 - Forgets an instruction

SIGNS OBSERVED BY PARENTS:

- Can't recall events prior to or after a hit or fall
- · Is unsure of game, score, or opponent
- Moves clumsily

- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes

CONCUSSION DANGER SIGNS:

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- · A headache that gets worse
- Weakness, numbness, or decreased coordination
- · Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- · Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

HOW TO RESPOND TO A REPORT OF A CONCUSSION:

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, rest is key. Exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rests breaks, be given extra help and time, spend less time reading, writing or on a computer. After a concussion, returning to sports and school is a gradual process that should be monitored by a health care professional.

Remember: Concussion affects people differently. While most students with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer,

Dear Parent or Guardian,

Thank you for your interest in participating in the Indian Education Grant Consortium, hosted by Chippewa Valley Schools. Our consortium includes students from Chippewa Valley, L'Anse Creuse, New Haven, and Richmond Schools. If your child has a parent or grandparent that has American Indian ancestry, he/she can enroll in our consortium. The tribe of your American Indian heritage must be state or federally recognized in the USA to be eligible.

Services Provided:

- Reading/Math Tutoring for students (based on academic need)
- Cultural Workshops (Crafts, Historical information, local event field trips)
- Quarterly Newsletter Emails
- Parent Committee & Input (voluntary meetings)

To Enroll (Survey and Certification):

- Please complete the Indian Education Survey at Home by visiting http://www.ncsl.org/research/state-tribal-institute/list-of-federal-and-state-recognized-tribes.aspx, where you will find federally and state recognized tribes, organized by state.
- All responses on the Indian Education Survey must be completed as **part one** of the registration process.
- Send the completed Indian Education Survey to your school's main office.
- Upon approval, *part two* of the registration process will be mailed to your home. This is the **US Department of Education Certification**, the formal documentation required by the grant for families to complete.
- Mail your completed US Department of Education Certification to the address below.
- Once the certification is received your child will be enrolled in the program. You will be added to our email
 distribution list to receive newsletters on events offered through the Indian Education grant. Tutoring services
 are determined by academic need and will be coordinated with the district tutors pending availability.

Please contact me if you have any questions.

Thank you,

Dear Parents:

During the school year, we take photographs and video at various district events, sporting events, student achievements, etc. for the purpose of sharing the district's success with our community. We, L'Anse Creuse staff, may use the photos and/or video on cable TV, on our Web site (www.lc-ps.org), in our district newsletters, on social media sites, and/or share with the media, i.e., newspapers.

If you <u>do not</u> wish to have your child in photographs or videos for L'Anse Creuse Public Schools, please request a "Media Release Denial" form from your school's secretary and return the signed document no later than the last week in September, or download the form at http://www.lc-ps.org (Our District > FOIA/Legal Notices > Media Release Denial).

Please be advised that if you fill out a Media Release Denial form for your student and he/she participates in a group sport, then he/she would not be allowed in the team photograph, which could be put on display in the school and/or used in the yearbook. Additionally, the student's photograph would not be published in the yearbook, *unless* you give special permission.

If you have any questions, please contact your school office.

Sincerely,

Erik J. Edoff SUPERINTENDENT

MILITARY CONNECTED SURVEY

Attention, all families: Did you know it is estimated that 14,000 Michigan children have parents who are currently actively serving in the military? To this date, only 2,500 children are identified as military connected. In order to better serve our children and families we would like to identify our military connected children. There are resources we can provide to the children of our military service men and women.

DEFINITION OF MILITARY CONNECTED CHILDREN

All children residing in Michigan whose parent(s) currently serve in any component of the Army, Navy, Air Force, Marines, or Coast Guard are considered to be military connected children. This includes the children of any uniformed personnel serving with the Michigan National Guard, in any of the Reserve United States forces, or on Active Duty.

If you or your spouse are currently serving in the military or reserves as defined above, please complete the following:

Statement of Varicella Disease CHICKENPOX

The Michigan Public Health Code Act 368 of 1978 Part 92 Immunization and Macomb County Immunization Regulations require all children admitted to any public, private, parochial, special education, alternative education, adult education, career/technical education, homeschool cooperative, virtual school or charter academy, childcare center, nursery school, preschool, camp, or any other organized care or educational facility operating in Macomb County to present a certificate indicating dates of all required immunizations.

Complete the portion below **only** if your child has had varicella (chickenpox) disease. This form must be signed and witnessed at your child's school/childcare program.
